Four Swords

THERE'S A LOT OF POWER STORED WITHIN THE LEGENDARY DRAGON SWORDS

ALTHOUGH NOT MUCH HERE HAS BEEN REVEALED ABOUT THESE SWORDS, WHAT HAS BEEN REVEALED SO FAR WILL BE EXAMINED HERE.

T/N: "HP" WILL NOW BE USED TO SIGNIFY A PERSON'S STRENGTH DUE TO "HP" BEING CLOSER THAN "STRENGTH" BASED ON ORIGINAL TRANSLATIONS

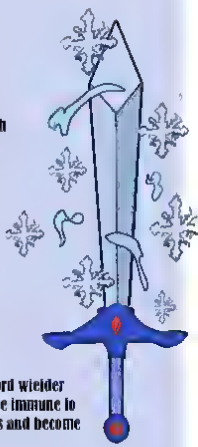
First, The Red Dragon's Sword

Magic: It can borrow various magic from the flame element or cast spells without using the caster's hp. However, it is a different case for high class magic. Although it is possible to cast without training beforehand, at least half of the caster's hp will be needed.

Effect: There will be a great improvement in the physical body and in the mentality. A significant tolerance towards fire will also be evident

Curse: Because of a close affinity with fire, the sword wielder will become more susceptible to rage. Those who have strong mind sets may become immune to this curse, but those who have weak mindsets may be overcome with madness.

Second, The Blue Dragon's Sword



Magic: It can borrow various magic of the ice element or cast spells without using the caster's hp. However, it is a different case for high class magic. Although it is possible to cast without training before hand, at least half of the caster's hp will be needed.

Effect: There will be a great improvement in the physical body and in the mentality. A significant tolerance towards fire will also be evident.

Curse: Because of a close affinity with ice, feelings will be lost and the sword wielder will become apathetic. Those who have strong mindsets may become immune to this curse, but those who have weak mindsets will gain cold feelings and become cruel until guilt can no longer be felt.

Third, The Black Dragon's Sword

This sword is veiled in mysteries.

Magic: Dragon Bless (Fire), Black Dragon Bless.

Effect: There will be a great improvement in the physical body and in the user's mentality. Complete Immunity towards the dark aura will be granted, and the user will gradually become a dragon.

Curse: The wielder will become power hungry and will force others into submission. Also, an unhealthy obsession over the sword will develop.

Fourth, The Golden Dragon's Sword

Obviously, this sword is veiled in mystery too.

Magic: Various Bless, GOLD DRAGON BLESS (Everything that is touched will turn to gold)

Effect: There will be a great improvement in the physical body and in mentality. The sword wielder will form a strong resistance to all elements and the wielder's body will slowly turn into a dragon's.

Blessing: As the wielder's heart settles, peace and love will be pursued. The less evil a person's heart is (regardless of gender), that person will feel a "pure" love towards the sword wielder. The stronger hp a person has, the more resilient and colder they become, but those who are truly good cannot become totally immune. That is why there are many who just naturally follow the Legendary Warrior.

Although this is not a curse but only a negative point:

Because the sword's wielder loves everyone, complications may arise.

If your lover is the Legendary Warrior, it is urged that you break up with him.
